Abstract Submission Guidelines

The PAC/LAC 23rd Annual Conference will be held on June 13, 2019 at the California Endowment in Los Angeles, CA. PAC/LAC is accepting poster abstracts that focus on innovative and creative approaches in perinatal healthcare or perinatal quality improvement.

Focus Areas

Academic study, research and evaluation, health prevention, access to care, best practices, policy and advocacy, or quality improvement approaches.

Abstract Content

Abstracts should be brief (approximately 250 words) and include the following information:

1. Full title of Poster
2. Name(s) of presenter(s) along with credentials, job title, and contact information (phone and email)
3. Focus area
4. Background: State the problem and provide relevance.
5. Methods: Explain the design of the study/program and how it was implemented.
6. Results: Provide quantitative/qualitative data to date. Note when final results are expected.
7. Discussion: Summarize relevant findings, cost/staff implications, lessons learned and barriers.

Deadline

Submit abstracts by **February 10, 2019** via email to pspier@paclac.org

Notification of Acceptance

Notification of acceptance will be made via email to the primary author no later than February 28, 2019. If your abstract is accepted for a poster presentation, you will receive detailed instructions about creating your poster. If accepted, at least one author must register for and attend the full conference. The representative will need to stand by their poster to answer questions during the poster session. All expenses associated with the conference, travel, and presentation preparation are the presenter's responsibility. Conference information is available at www.paclac.org.
