The Forum allows discourse on current research and implantation of the Standards into intensive care practice. Scholars, administrators, and clinicians are invited to attend to develop a series of recommendations for implementing these competencies and best practices. An emphasis on evidence, system change, and adaptation to a new way of practicing will be the focus of workgroups. Dissemination of implementation recommendations will follow.

Supported by Loma Linda Publishing Company,  
University of South Florida College of Public Health, and PACLAC

## Objectives:

- Discuss current best evidence-based infant feeding practices
- Establish essential systems issues that guarantee the implementation of best practices
- Determine best practice implementation strategies for the Feeding and Nutrition standards in intensive care
