

Robert White, MD is a graduate of the Johns Hopkins School of Medicine and has been Director of the Regional Newborn Program at Beacon Children's Hospital since 1981. His primary interest has been in advancing structural and operational strategies to provide the optimal NICU environment of care for babies, families, and caregivers. To this end he has written many papers, and co-founded the Consensus Committee to Establish Recommended Standards for Newborn ICU Design, the Gravens Conference on the Physical and Developmental Environment of the Newborn, and the International Newborn Brain Conference.
