Angela Love-Zaranka, BA IBCLC RLC Dalaney Young, BS-MCH, IBCLC
Courtney Polk, MSN IBCLC RLC Lisa Mandell, IBCLC
Sarah Stilling, CPNP-AC/PC, IBCLC

Course Description

This course is designed to instill knowledge and foundational skills for engaging and supporting families with breastfeeding and human milk feeding. This newly designed course aligns with the Baby-Friendly Hospital Initiative, USA® sixth edition 10 steps to successful breastfeeding.

Health care providers will leave this course with a solid foundation of how to provide comprehensive lactation support and manage common feeding challenges during the first few days of life. The instructors designed this course using evidence-informed information to remove barriers to breastfeeding and human milk feeding.

Accreditation Recognition:

14.0 L CERPs recognized by IBLCE
14.0 Nursing Contact Hours - American Nurses Credentialing Center - ANCC
